### COMBI ACCESS

THE BENEFITS OF A SAUNA FOR EVERYONE

Because a sauna's benefits should be **accessible to everyone**, Holl's has designed a model that is **ideal for persons with reduced mobility**. By using both the best of two worlds ; the Full Spectrum + magnesium Infrared technology and the steam stove, the **Combi Access** is equipped with a double sliding door and has a large 1.50m diameter open area to easily mobilize. Access to the bench is facilitated by its **two lateral grab handles** and two other **folding handles** in the centre of the seating. On top of that, we have added **frontal emitters**, to make the most out of its session.

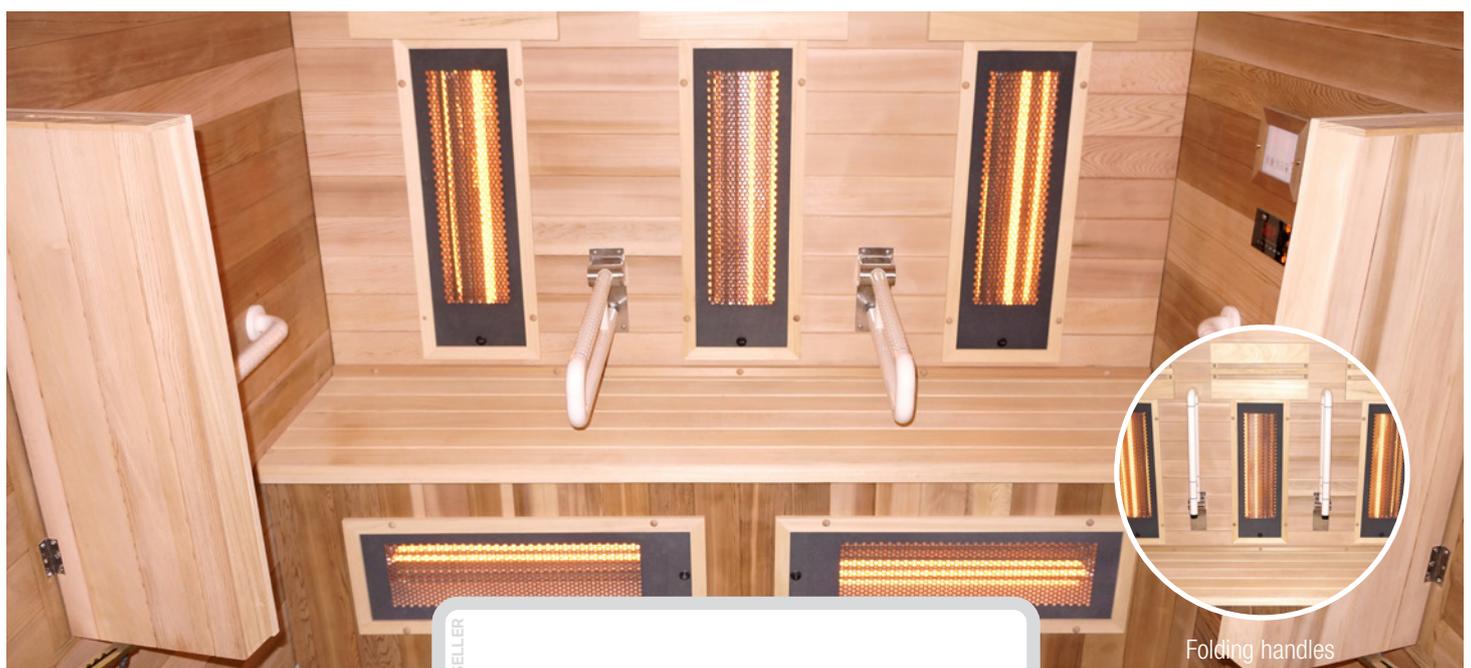

- Dimensions 203 x 225 x 193 cm
